

Petition in Opposition to Scottsdale Rezoning of State Trust Land, 19-ZN-2014

To: City of Scottsdale

From: Greater Pinnacle Peak Association/Friends of the Scenic Drive (GPPA)

I am signing this petition at the request of GPPA. I am opposed to the proposal to "transfer" commercial and resort/tourism zoning to east of Scottsdale Road, between Happy Valley and Jomax Roads. The commercial and resort/tourism zoning should remain where it was shown on the 4-GP-2002 map and in the City of Scottsdale General Plan ratified by voters in 2002. This is the best location for four reasons:

- 1) Scottsdale's voter-approved 2002 General Plan reflects actual community needs.
- 2) Scottsdale's Scenic Drive with its long history and heritage should not be sacrificed and squandered.
- 3) Community balance and fairness are essential.
- 4) Funding sources should be explored to better accommodate the Recommended Study Boundary intent per the 2002 City of Scottsdale General Plan.
