

DESERT DISCOVERY CENTER ALERT

You may have received an email from the political action committee NoDDC citing a number of rather outrageous claims against Desert Discovery Center Scottsdale. Most of these were attributed to the Community Council of Scottsdale leadership. When contacted, the Community Council of Scottsdale president was shocked and outraged and send the following letter to the Scottsdale Mayor and City Council. We wanted you to see this in its entirety to be assured that the accusations made were unfounded and untrue.

20 March 2017

To: City of Scottsdale City Council Members

CC: Sam Campana and Desert Discovery Center of Scottsdale LLC

Re: The Community Council of Scottsdale 16 March 2017 meeting with the DDCS guest speaker

My name is James Getty and I am the President of The Community Council of Scottsdale. It has been brought to my attention that you recently received a letter from Jason Alexander of the No DDC group.

Mr. Alexander's letter is filled with so many half-truths and untruths that I felt I must respond.

On the matter of the debate. There NEVER was to be a debate! It was discussed by the Community Council of Scottsdale Board but it was decided that we would have two separate meetings on the matter; one Pro and one Opposed. NEVER A DEBATE!

The use of the word "Nazi"—I believe that I was the primary contact between the CC of Scottsdale and Ms Campana. I don't recall this word ever being used. SHAME !

On the matter of DDCS's needing city council approval to enter into a debate NO DEBATE—NO APPROVAL NEEDED (if so required).

And the list of half-truths and untruths could go on. This letter was initiated because Mr. Alexander's letter contains so many errors and bad innuendo I felt I must respond. Perhaps the NO DDC folks need to be taken out behind the woodshed and be acquainted with the Board of Education. (I know this sounds childish but consider the folks that I am writing about.)

Respectfully,

James Getty, President The Community Council of Scottsdale
