The Diary of Anne Frank

Friday July 8, 2016 to Sunday July 17, 2016

An impassioned drama about the lives of eight people hiding from the Nazis in a concealed storage attic, THE DIARY OF ANNE FRANK captures the claustrophobic realities of their daily existence—their fear, their hope, their laughter, their grief. Each day of these two dark years, Anne's voice shines through: "When I write I shake off all my cares. But I want to achieve more than that. I want to be useful and bring enjoyment to all people, even those I've never met. I want to go on living even after my death!"
