**Like any bully, No DDC can dish it out
but can't take it.
Because the special interest group
can't handle the truth,
they twist it.**

The Desert Discovery Center Scottsdale, Inc., the organization working on the site and business plans for the DDC, has finally fired back to set the record straight about the history of the DDC.

After all, who knows more about the 25-year history of the DDC than the people who have lived it and worked to make the Mountain Preserve possible?

Why rely on the members of No DDC who have only read about the evolution of the DDC — and then rewritten it to fit their fabrications?

That's how people are misled and myths are made.

Contrary to what No DDC believes, telling a lie often enough doesn't make something true. Throughout the course of history, the truth eventually comes out.

Thanks to the members of the Desert Discovery Center Scottsdale, there are credible people who know the truth about the DDC and are willing to tell it.
