Subject: Zoning Change

A Developer is asking the City of Scottsdale to change the zoning at the NE corner of Scottsdale Road and Lone Mountain.

The current zoning is "Rural Residential": the Developer wants this changed to "Industrial Commercial". The Developer intends to construct a 3 story public storage facility on this property.

A meeting concerning this issue is being held at Lone Mountain Elementary School on Wednesday, May 30th, at 6:00 PM.

We urge individuals interested in this issue to attend this meeting.
