# Mystery of world record solved?

***5 years after world-record redear sunfish catch, invasive quagga mussels considered a likely contributor to monster sizes of these sunfish at Lake Havasu***

PHOENIX -- Have the redear sunfish at Lake Havasu really gone quagga crazy?

Have these panfish that really *can* fill a pan, and are widely regarded as one of the better fish species to eat, found a surplus of invasive quagga mussels to munch?

A mystery remains: Redear sunfish at Havasu have been reaching world record sizes.

But why, exactly?
