Headline: Toddlers at the Holland Community Center? Yes!!

Details: Come and join us for a wonderful new class that is aimed at parents and their 2-5 year olds! Fun with Math and Science is a unique program aligned with Arizona's Early Learning Standards for Math and Science and Arizona's School Readiness Framework. Supporting your child's math and science learning will help prepare them for kindergarten and future schooling.

How wonderful it will be to take an hour, put away the electronics, and interact with your child during his or her most valuable learning years. Take an active part in your child's future!
