

Desert Foothills Theater is delighted to offer small performance opportunities for our youth! Please register now since the classes/camps will fill quickly! Please call or email for more information- (480) 488-1981, dftheater@azfcf.org.

Triple Threat Prep Workshop

Thursday, June 11

1:00 pm - 4:00 pm

\$35 for youth 11 and older

We are delighted to welcome the multi award-winning artistic team, Mark and Lynzee 4Man to Desert Foothills Theater as event presenters. Teens, in particular, do not want to miss ANY opportunity to work with this duo who are known throughout the Valley for their mad-musical theater skills, high energy, and outstanding performances! This fun, fast-paced workshop will help participants prepare for the upcoming audition season by building acting, singing, and dance techniques. Performers will sharpen their audition and performance skills, learn to make strong performance

choices, understand what directors are looking for in young actors, and discover how to enjoy the audition process through good preparation. Audition season is around the corner!

Location: Holland Center

34250 N 60th St, Scotts., AZ 85266

Back On Stage Camp

Two weeks, Mondays- Fridays

Dates: July 6 - 17

Time: 9:00 a.m. - 12:00 p.m.

\$275- 10 Rehearsals & a Show

Youth 8 and older

Back on Stage Performance Camp is a fun, fast-paced experience where the PERFORMERS are the PRODUCERS! Kids 8 years and older will bring their ideas and favorite songs and create a show with Directors Terry and Emily Temple. Each performer will have a spotlight performance and sing and dance in all the group numbers in a show on the final day of the camp. This is creativity at its best!

Location: Holland Center

34250 N 60th St, Scotts., AZ 85266

We are very excited to offer these Play-Well STEM classes using LEGO, for children from 5-12 years old. These classes are very interactive and will keep your kids entertained and educated. They will take place in The Holland Center front lobby. Check them out!

Intro to STEM using LEGO (Ages 5–7)

June 29 - July 3, 2020

9:00 am - 12:00 pm

Let your imagination run wild with Play-Well TEKnologies and tens of thousands of LEGO(R) parts. Build engineer-designed projects such as: chugging Steamboats, enchanting Moon Bridges, and bustling Airports. Design and build as never before and explore your craziest ideas.

The Holland Center will enable students to spread out and work in a clean and safe environment. Play-Well TEKnologies also has a list of safety guidelines which will be emailed to you.

\$150 - Sign up early as class is limited to 10 students.
